Customizing and Creating Connext Assessment Forms An overview of customization features in the

Connext Assessment System

Scott Gillie Executive Director Encouragement Services Incorporated

The Connext Assessment System

- Customizable guidance assessment, reporting, communications, and evaluation system
- For postsecondary students
- Two standard forms: Community College and Baccalaureate-granting institutions
- Developed by Encouragement Services Incorporated, an Indiana nonprofit corporation

Definitions

- Form item = questionnaire question or prompt
- Form item response = answer to question or response to prompt

Definitions

- Question Group = name of section of related items
- Connext Forms (1, 2, & Custom) = questionnaires

Definitions

- Deselect: remove an item from a questionnaire (item remains present in reports)
- Delete: applies to the permanent removal of an item or question group (not reversible)

Why customize?

- Select items appropriate for grade level
- Abbreviate questionnaire to shorten time for administration
- Add items specific to a subdivision of the institution
- Standardize items for a group of programs or schools

Why customize?

- Collect data needed for advising and student support, institutional improvement, accreditation, or other purpose
- Measure effects of specific initiatives and interventions
- Gather data for a grant or funding opportunity

Connext: Connecting College Students with Support Student assessment, advising, and communications

Welcome to Connext

Connext provides college advising and support professionals with detailed individual student and group reports that summarize transition issues, academic concerns, student engagement, and more.

Connext reports

- · Enable informed guidance and support services
- Identify students who may be at risk
- · Provide a rationale and justification for program development
- · Guide advising and retention efforts
- · Document the effects of support services and programmatic interventions

Through using the Connext System, you will have critical data to

- · Identify students who may need intervention or support
- · Provide electronic information to targeted groups of students

The assessments are available in English and Spanish: Community Colleges and Agencies is recommended for use by community and junior colleges with community and junior college students. Colleges and Universities is recommended for use by colleges and universities with students enrolled at institutions that grant bachelor's degrees.

Contact intoCareers for subscription prices. The Connext system includes the standard assessment and editing tools for customization and a custom survey generator for creating your own assessments.
